MAGIC ICE		
<p>MAGIC ICE is an additive for your pebble water. Only ½ teaspoon to 2 gallons of water provides glossier ice surface, faster slide path for the curler, longer lasting pebble and usually results in faster running of the stones. Magic Ice removes oxygen from the water, which also results in lower energy costs if you run your refrigeration plant at a warmer setting.</p>

2019/2020 PRICE LIST – CURLING STONES, SERVICE & SALES

STONE SANDING EQUIPMENT

Sand 16 stones in 10 minutes! Easy-to-use jig has spring-loaded clamps to hold sandpaper in place. A plate glass base assures flat sanding surface. No adhesive required.

[ZD001]	Stone Sanding Jig – includes sanding instructions	160.00
[ZD003]	Sandpaper Silicone Carbide - 9" x 11", available in various grits (each)	1.10

CURLING STONE RECONDITIONING

No break-in period! Guaranteed precision running edge so all stones are consistent and keen from the start. Test our workmanship by sending us 2 of your stones. We'll recondition 2 for free – you pay freight only.

[ZD000]	Recondition Test – send 2 stones (freight charges extra)	FREE
[ZA001]	Recondition – both sides (per sheet)	1,600.00
[ZA002]	1 side with outdoor running edge (add per sheet)	168.00
[ZA003]	Recondition – 1 side (per sheet)	920.00

STRIKING BAND REPAIRS

Reprofiling is the process of re-exposing the striking band on stones that have worn flat. Continued use of stones with flat striking bands can cause irreparable damage. Our reprofiling is not convex all across the striking band.

Reconditioning is the process of removing granite and polishing back the area to leave a narrower total band (1 ½").

[ZA004]	Reprofile striking band (per sheet)	800.00
[ZA009]	Recondition striking band (per sheet)	1,230.00

TILESET / AILSET CURLING STONES

A layer is sliced from the bottom of each stone and a disc of Porcelain Tile or Blue Hone granite is epoxy-glued in place. The stone is then reconditioned and guaranteed against pitting and fracturing. This is recommended for clubs with curling stones that are prone to pitting.

[ZA005]	Tileset – porcelain tile running surface guaranteed for 20 years (per pair)	475.00
[ZA006]	Ailset – blue hone granite running surface guaranteed for 10 years (per pair)	475.00

TILESERT / AILSERT CURLING STONES

A 6 ½ inch diameter area is cut out of one side of the stone and a disc of Porcelain Tile or Blue Hone granite is inserted. Granite epoxy adhesive secures the disc in place.

[ZA007]	Tilesert – Porcelain Tile running surface guaranteed for 20 years (per pair)	500.00
[ZA008]	Ailsert – Blue Hone granite running surface guaranteed for 10 years (per pair)	500.00

JUNIOR CURLING STONES

"Real Rock" composite junior stones are speckled Brown Trevor appearance, available with or without Porcelain Tile or Blue Hone granite running surface. Size is similar to adult stones, weight is 25 lbs.
